Hi Amanda

Was thinking you may want to take a look at the attached.

We were tasked to pull together a summary of current EJ-related work as part of the OPP's risk assessment/management activities for Michal's review for awareness.

This is being described as a baseline on which to build new EJ initiatives that you have also been coordinating/developing.

Let me know if you have any thoughts or questions. Thanks

Michael L. Goodis, P.E.
